VR_2012_64BIT_Multi_Language_LP_OEM.img

NB: 1,4GB

In the **Start** screen enter **lpksetup**, and press **Enter**.

Choose the Install display languages option.

Click Browse and select the folder in which the language pack(s) is/are stored. You can also select one language pack (.cab) from that folder. The list of languages will now be populated after which you can check the language(s) you want to install. Click **Next** to proceed to continue.
